

This fun Little Fire Station – Fire Safety Checklist for Kids is for pupils to learn and remember fire safety rules. Teachers can use it in the classroom or as a take-home activity.

- I know what the fire alarm sounds like.
- I can find the nearest exit in my classroom and school.
- I know not to bring my bag or coat if there's a fire drill.
- I will walk calmly, not run, during a fire drill.
- I will stay with my class and teacher until told it's safe.
- If my clothes ever catch fire, I know to Stop, Drop, and Roll.
- I never play with matches, lighters, or candles.
- I help keep hallways and doors clear of bags and clutter.
- I know the emergency number is 999.
- I will share what I learned about fire safety with my family.

Great job! When you check all these boxes, you're a Fire Safety Hero. Remember: by learning fire safety, you protect yourself, your friends, and your family.
